

Nobel laureate 1996 in Chemistry

Prof. Kroto's Science Class 2011

Sep 17, 2011 (Sat)

13:30-15:30 (Open 12:30)

Venue: Lecture Hall, Sengen Site, NIMS
(1-2-1 Sengen, Tsukuba, Ibaraki)

Entrance:
Free

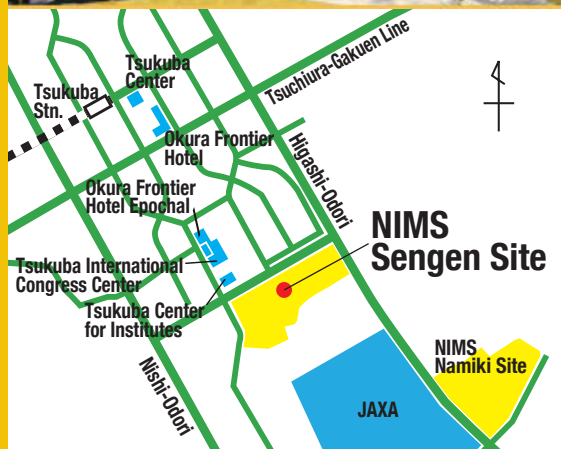

Sponsored by International Center for Materials Nanoarchitectonis, NIMS
Supported by Board of education, Tsukuba City

Participants: 60 school students, grade 3 or 4 with accompanying adult (required). Participants will be determined by lot when the number of applicants exceeds the limit. A confirmation will be delivered to accepted applicants.

Content: Interesting and stimulating lecture by Prof. Kroto

Application: Please complete the application form and send it by e-mail or fax to the below.

Deadline: August 25, 2011

Access to Sengen Site, NIMS

- Take Tsukuba Express (TX) Line until the "Tsukuba Center Station". Then take the bus bound for "Arakawaoki Station" and get off at the "Bussitsu Kenkyujo mae".
- Get off the JR train at the "Arakawaoki Station" and get on the bus that is bound for "Tsukuba Center" at the west station bus stop #4. Get off the bus at the "Sengen 1 cho-me" and 5 minute-walk.

To: International Center for Materials Nanoarchitectonis (MANA),
National Institute for Materials Science (NIMS)

Tel: 029-860-4710 Fax: 029-860-4706

E-mail: mana-pr@ml.nims.go.jp

Web: <http://www.nims.go.jp/mana/events/Kroto2011>

Professor Sir Kroto is invited by "TORAY ADVANCED MATERIALS SYMPOSIUM 2011".
