

Link-2 The 2nd External Contamination Management Technology Workshop				
Date/Time		Speaker	Tentative Title	
July 17th	AM	10:25~10:30	Hideo Kimura NIMS	Opening
		10:30~12:00	Carlos Soares The Boeing Company	External Contamination Control for Space Applications
		12:00~13:15	Lunch	
	PM	13:15~14:00	Tomoyuki Urabe Japan Aerospace Exploration Agency	Contamination Monitoring Activity for the GOSAT Flight Model and Close Environment
		14:00~14:45	Fumitaka Urayama Space Engineering Development	A Study on Numerical Analysis and Prevention for Polymer-Outgassed Contaminant Deposition in Space
		14:45~15:05		Coffee break
		15:05~15:35	Teruo Tsunoda Bunka Women's University	Advanced Cleaning Technology on Ground
		15:35~16:05	Tsunehisa Yoshiike Sumitomo Chemical Analysis Service	Evaluation for outgassing contaminants in a vacuum condition
		16:05~16:35	Tsuyoshi Moriya Tokyo Electron Limited	Particle Reduction in Semiconductor Manufacturing Equipment
		16:35~16:50	Hideo Kimura NIMS	External contamination management working group activity in Japan
