

OS-5 Contribution of Superconducting Materials for Global Issues on Environment/Energy				
Date/Time			Speaker	Tentative Title
July 16th	PM	13:00~14:00	Prof. Kitazawa, JST	The two superconducting global networks for the era of renewable energy sources
		14:00~15:00	Prof. Crabtree, ANL	Strategic Development of Superconductivity in the US
		15:00~15:30	Coffee Break	
		15:30~16:30	Prof. Komarek, Karlsruhe	Superconducting power application activities in Europe now and in near future
