

**Innovative Center of Nanomaterials Science for Environment and Energy (ICNSEE)
National Institute for Materials Science (NIMS)
12th ICNSEE Seminar**

Date and time: 2010. Dec. 17 (Fri) 13:00-15:00

Venue: 4F Seminar Room, MANA Bldg., Namiki Site, NIMS

Program

13:00-14:00 “Design of electrode/solid electrolyte interface for advanced all-solid-state rechargeable lithium batteries”

Dr. Yasutoshi IRIYAMA

Associate Professor, Department of Materials Science & Chemical Engineering,
Faculty of Engineering, Shizuoka University

14:00-15:00 Title is coming soon

Dr. Takeshi ABE

Department of Energy & Hydrocarbon Chemistry Graduate School of
Engineering, Kyoto University
