# Joint Seminar

## PUBLISHING IN A SELECTIVE HIGH-IMPACT ENERGY JOURNAL: AN EDITOR'S PERSPECTIVE

Chair: Dr. Toyohiro CHIKYO (Deputy Director of Center for Materials Research by Information Integration/MANA PI)

### Dr. Brandon Sutherland

(Scientific Editor at Joule, Cell Press, Cambridge, USA)

In this informal seminar I will offer insight into the publishing process of a selective and high-impact energy journal from the perspective of a recent energy researcher-turned-editor. I will give a bigger-picture view of the field of energy research and energy-publishing trends. The life of a scientific editor, the manuscript life cycle, and the peer review process will be described. I will detail editor considerations when evaluating manuscripts and offer advice to authors from an editor's point of view, leaving plenty of time for Q&A.

**Venue:** Auditorium, 1F, WPI-MANA Bldg., Namiki-site

**Date:** July 20<sup>th</sup>, Thursday

**Time:** 13:30-14:30
