Tools

Tools

- Fully automatic calculation system of electronic structure by First-principles
- nap (Nagoya Atomistic-simulation Package)
- Compound Prediction App
- Specific Heat Prediction App
- API Tools

LINK

Overview

The tools to perform machine learning, data analysis and simulations are available.

- Fully automatic calculation system of electronic structure by First-principles
- nap (Nagoya Atomistic-simulation Package)
- Compound Prediction App
- Specific Heat Prediction App
- API Tools
