

The 12th World Multi-Conference on Systemics, Cybernetics and Informatics: WMSCI 2008

Jointly with

The 14th National Conference on Information systems analysis and synthesis ISAS 2008
June 29th – July 2nd , 2008 – Orlando, Florida, USA

A fusion of molecular electronics (ME) and artificial intelligence (AI)

Chairperson ME

Rolf Pfeifer (AI)

Chairperson AI

Artem Masunov (ME)

First attempt to build true network between artificial intelligence and materials science

Contact session organizer anirban.bandyopadhyay@nims.go.jp

Symposium on Risk Management and Cyber-Informatics

International Symposium on Energy, Informatics and Cybernetics

International Symposium on Management, Engineering and Informatics
