

The 234th MANA Seminar

14:00-14:45

Prof. Sung-Min Choi

*(Nuclear and Quantum Engineering Department,
Korea Advanced Institute of Science and Technology, Korea)*

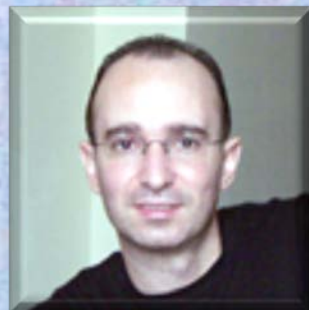

**Neutron and X-ray Investigations of Soft Nano-
and Bio- Materials**

Chair: Dr. Lok Kumar Shrestha (ICYS-MANA Researcher)

14:45-15:15

Dr. Lionel Vayssieres

(MANA Independent Scientist, NIMS)

**Metal Oxide Quantum Rod & Dot-based Structures &
Devices: Aqueous Design, Electronic Structure &
Applications for Solar Energy Conversion**

Chair: Dr. Yoshio Bando (MANA COO)

Venue: Seminar Room #431-432, 4F, MANA Bldg., Namiki

Date: **November 25th (Friday)** **Time:** **14:00-15:15**

Contact: International Center for Materials Nanoarchitectonics (MANA), Nakata (ex. 8806)
