

# The 238<sup>th</sup> MANA Seminar

**15:30-16:15**

**Prof. Yong-Kuan Gong**

*(College of Chemistry & Materials Science,  
Northwest University, China)*

**Cell membrane mimetic polymers and their  
biomedical applications**

Chair: Prof. Françoise Winnik (MANA Satellite PI)

**16:15-17:00**

**Prof. Akon Higuchi**

*(Department of Chemical & Materials Engineering,  
National Central University, Taiwan)*

**Stem Cell Culture on Surface having Nano-segments:  
(a) Xeno-free Preparation and Culture of iPS Cells and  
(b) Preservation of Hematopoietic Stem Cells**

Chair: Dr. Guoping Chen (MANA PI)

**Venue:** Seminar Room #431-432, 4F, MANA Bldg., Namiki

**Date:** **December 9<sup>th</sup> (Friday)** **Time:** **15:30-17:00**

Contact: International Center for Materials Nanoarchitectonics (MANA), Nakata (ex. 8806)

**NAMIKI  
Site**
