

溶接 (Welding)

Name of equipment	Function	Appearance
電子ビーム 溶接装置	加速電圧：70kV ビーム電流：500mA 周波数：0～100Hz テーブル移動速度： 最大 5m/min	 A photograph of an industrial electron beam welding machine. It consists of a large, light-colored metal cabinet with a control panel on the right side featuring a digital display and various buttons. The machine is situated in a factory or laboratory environment.
Electron beam welding equipment	Accelerating voltage: 70 kV Beam current: 500 mA Frequency: 0–100 Hz Table movement speed: Max. 5m/min
