

# 3N-Lab Workshop on Permanent Magnets

## Scope:

Advances on experimental and theoretical investigations toward next generation high-performance permanent magnets, both rare earth and rare earth-free magnets.

## Speakers:

- T. Abe, NIMS
  - N. Dempsey, Neel Lab.
  - D. Givord, Neel Lab.
  - O. Gutfleisch, Technische Univ. Darmstadt
  - K. Hono, NIMS and JST, CREST
  - T. Miyake, AIST
  - T. Nakamura, JASRI
  - S. Okamoto, IMRAM, Tohoku Univ.
  - T. Schrefl, Danube Univ. of Krems
  - H. Sepehri-Amin, NIMS
  - Y. Une, Intermetallics
- (alphabetical order)

Date:

**March 24<sup>th</sup>(Fri), 2017**

Venue:

**National Institute for Materials Science**

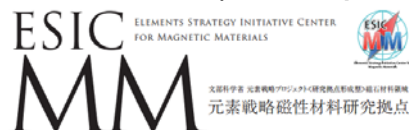

1-2-1 Sengen, Tsukuba, 305-0047, Japan.

**3N-Lab**(NEEL NIMS for Nanosciences Laboratory) is the International Associated Laboratory(LIA) between Neel Institute, CNRS and NIMS.

## Co-Sponsored by:

- ESICMM (Elements Strategy Initiative Center for Magnetic Materials) - NIMS
- JST (Japan Science and Technology Agency) - CREST
- JSPS (The Japan Society for the Promotion of Science) 147<sup>th</sup> Committee

国立研究開発法人  
**科学技術振興機構**  
Japan Science and Technology Agency

JAPAN SOCIETY FOR THE PROMOTION OF SCIENCE  
**日本学術振興会**
