Abstract (11 pt)

Abstract is summarized in three to four rows extracted from motivation, purpose, experimental/theoretical procedures and results of the author's work. (10 pt)

(11 pt through the entire text) **This summary should be one-page only.** Paper size is the standard A4 (21 x 29.7 cm) with left and right margins of 2.5 cm, a top margin of 3.5 cm and a bottom margin of 2.5 cm.

The text should be organized in a single column left and right justified. The Times New Roman font style with a text font size of 11 pt (others are indicated in each part in red) should be used. The line spacing should be single spacing in the body of the text and 1.5 spacing between paragraphs if needed.

Figures and Tables may be used according to the necessity. Figure captions are to appear below the relevant figures and Table captions above the tables. A resolution of 600dpi is recommended for monochromatic graphics and 300dpi is recommended for greyscale and colour graphics.

Do not number the page. This will be done when the proceedings are compiled. Do not include any headers or footers. Number references consecutively in square brackets [1] and refer to them as [2], [3] in the main body.

Naturally, you end up with a conclusive paragraph. References should be included at the end of the page in the following format:
